

International Conference on AI in Healthcare (AIHC 2027)

Technically Co-Sponsored by IEEE Hyderabad Section
IEEE Conference Record #71011

Conference Dates: 23–24 January 2027

Call For Papers

Conference Tracks

1 AI for Medical Diagnostics and Imaging

- Deep learning for radiology and histopathology
- Medical image classification and object detection
- 3D reconstruction from medical scans (MRI, CT, PET)
- Multi-modal imaging fusion and analysis
- AI-driven diagnostic systems for ophthalmology and dermatology
- Vision transformers and GANs in medical imaging
- Automated screening tools for X-ray, CT, and ultrasound
- Radiomics and imaging biomarkers discovery
- Real-time AI assistance in surgical imaging

2 ML in Clinical Decision Support & Predictive Analytics

- Machine learning for electronic health records (EHR) analytics
- Clinical decision support systems (CDSS)
- Disease progression modeling and survival prediction
- AI for drug response prediction and personalized treatment
- Reinforcement learning for treatment recommendation
- Anomaly detection in clinical data
- Prognostic and diagnostic models using multi-omics data
- Temporal pattern analysis in ICU and emergency data
- NLP for clinical text mining and summarization

3 IoT, Edge, and Wearable Technologies in Healthcare

- IoT-based smart health monitoring systems
- Body sensor networks and wearable devices
- Edge AI for low-latency medical applications
- Mobile health (mHealth) applications with real-time feedback
- Remote patient monitoring using AI and IoT
- Secure and scalable architectures for medical IoT
- Federated learning for distributed medical data
- Smart ambient assisted living environments
- Data fusion and contextual reasoning in healthcare IoT

4 Ethics, Explainability, and Human-Centric AI in Medicine

- Explainable AI (XAI) in medical diagnostics
- AI fairness and bias mitigation in healthcare models
- Ethical frameworks for deploying AI in clinical settings
- Human-in-the-loop and collaborative intelligence
- Trustworthy and transparent AI systems
- Privacy-preserving machine learning in healthcare
- Regulatory compliance and responsible AI governance
- AI for underserved and rural healthcare applications

5 Integrating Traditional Wellness Systems With Intelligent Healthcare Technologies

- AI applications in Ayurveda, Yoga, and Naturopathy
- Computational intelligence for holistic wellness assessment
- Diagnostics and decision-support systems for AYUSH practitioners
- Machine learning models for herbal medicine & formulations
- Intelligent systems for lifestyle diseases, mental well-being, and preventive care
- Integration of AYUSH with IoT, wearable sensors, and digital therapeutics
- Evidence-based research frameworks for traditional healthcare
- AI-driven personalized wellness recommendations
- Indigenous knowledge systems & digital transformation

Chief Patron

❖ Dr. S. B. Mujumdar

Chancellor, Symbiosis International (Deemed University), Pune, India
| Founder and President, Symbiosis

Patrons

❖ Dr. Vidya Yeravdekar, Pro-Chancellor, Symbiosis International

(Deemed University), Pune, India | Principal Director, Symbiosis

❖ Dr. Ramakrishnan Raman, Vice Chancellor, Symbiosis

International (Deemed University), Pune, India.

❖ Dr. Rajiv Yeravdekar Provost, Faculty of Medical and Health

Sciences, Symbiosis International (Deemed University)

General Chairs

❖ Dr. Rajanikanth Aluvalu, Director, Symbiosis International (Deemed University), Hyderabad, India.

❖ Dr. V. K. Sashindran, Dean, Symbiosis Medical College for Women and Symbiosis University Hospital and Research Centre, Pune, India.

Co-Chairs

❖ Dr. Somula Ramasubbareddy, Associate Professor, Faculty of Engineering, Symbiosis International (Deemed University), Hyderabad, India.

❖ Dr. K Suresh Babu, Associate Professor in Biochemistry at Symbiosis Medical College for Women, Pune.

Important Dates

- Call for Papers Starts: **10 January 2026**
- Full Paper Submission: **30 August 2026**
- Acceptance Notification: **25 September 2026**
- Registration Deadline: **10 November 2026**
- Camera-Ready Paper Submission: **15 November 2026**
- Conference Dates: **23–24 January 2027**

Paper Submission
